Investing in Quality Health Care

Lions Gate Hospital Foundation is committed to helping fund top-quality health care on the North Shore. That means raising funds for leading-edge equipment and facilities, which not only improves care today, but also helps with attracting and retaining health care professionals into the future. To that end, the Foundation is proud to report that through outstanding support from the community, substantial investments could be made in the facilities and equipment at Lions Gate Hospital and at other North Shore care facilities.

Our investments this year have covered a wide range of needs. At the Kiwanis Care Centre, our contribution of \$50,000 helped purchase a new bus and special chairs for the residents. At the other end of the age spectrum, the Foundation was able to provide \$35,000 for brand-new incubators for the Special Care Nursery. Regardless of size of donation, every investment has a profound impact on the quality of care for everyone in the community. Some of our other most recent initiatives outside the major campaigns include:

\$ 7,000	Blood pressure monitors
\$ 11,000	Furnishings for the Palliative Care area
\$ 27,000	Furnishings for Evergreen House
\$ 75,000	Endoscopy digital video processors – Surgery
\$ 117,000	41 special mattresses for Palliative Care patients
\$ 120,000	2 life support systems
\$ 130,000	Critical care ventilators – Intensive Care Unit

THANK YOU for making these and many other important advances possible. For more information about Lions Gate Hospital Foundation please call 604-984-5785.
