3. What has been the direct impact of this contribution or what difference has it made? Please provide an example.

North Shore Health Care Awards for Outstanding Achievement

Exceptional people.....exceptional results

PURPOSE: These awards have been designed to recognize the dedicated individuals who work for Coastal (North Shore) by their colleagues. Four awards of \$1,000 each - funded by LGH Foundation – will be awarded at a special presentation on **Thursday, January 18th, 2018**.

WHO CAN BE NOMINATED? Staff or physicians working on the North Shore, who are currently employed by, or affiliated with VCH are eligible. An individual can be nominated in only one category each year.

WHAT ARE THE AWARD CATEGORIES?

Workplace Inspiration

A health care workplace environment can be significantly enriched by an individual who exemplifies professional competence, a positive “can do” attitude, a willingness to share his or her knowledge and skills generously, and the motivation and commitment to ‘go the extra mile’ for both their colleagues and our patients/clients and families. This award honours those who energize the workplace and who are dedicated not only to their chosen career, but also serve as a role model for those considering a career in healthcare

Clinical Practice

Continuous improvement is key to better health outcomes and to the effective and efficient delivery of quality patient care. This award honours staff and physicians who have identified an opportunity for improvement and then acted on it. This could be in the area of quality improvement, clinical research, process redesign, innovative curriculum development and delivery, software development or adaptation, or the creation of a new healthcare program or service. The intent is to honour those who have had a systemic influence on the care and service we provide not only on the North Shore, but also on the health region as a whole.

Leadership

Leadership is a way of being, not a job title. This award honours those who lead by example, either formally or informally. Such an individual earns the trust and respect of colleagues, sees problems as opportunities to think critically and systemically, communicates effectively, endeavours to build strong and inclusive teams, takes responsibility for his/her actions, and recognizes the contributions and talents of others. Leaders are also integral to influencing the culture of a unit or organization and have a positive effect on recruitment and retention.

Nomination forms:

1. **Online:** Download 2017 nomination form at: <https://www.lghfoundation.com/role-impact/health-care-awards/>
2. **E-mail:** Submissions can be made by completing the nomination form, saving it, and then attaching it to an email. Send to: lghfcommunications@gmail.com.
